

This worksheet is designed to help you place your online order. It is geared toward Multipoint Locks with a Handle Spacing of 105mm (4-1/8"). Please read all of the information carefully when making your selections. When you are finished with this worksheet, you can use it to help you make your selections from the Drop Down menus on our Web Site.

First you will need to choose a Style of Escutcheon Plate.

Styles Include: Traditional Brass, Modern Brass,, Stainless Steel, Sandcast Bronze and Tuscany Bronze.

Sizes Include: 1-1/2" x 11" and 2" x 10"

NOTE: After you have selected a Size and Style of Escutcheon Plate, you will be presented with a list of options at the bottom of the page.

Drop Down Options

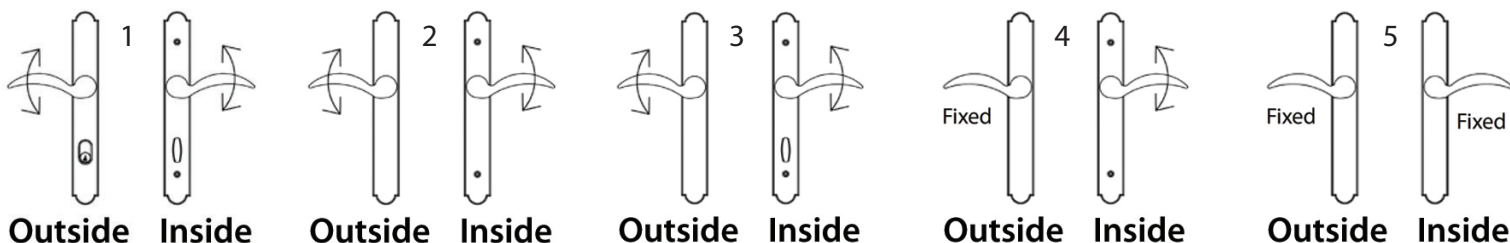

The first option you must choose from is the Function of the Handleset.

The Function will determine what features the Handleset has, such as a Key Cylinder or Thumbturn.

It will also determine how the Handleset operates, whether the handle levers move or not.

A. Function: Choose from the following 5 Options

1. Active: Keyed with inside thumbturn
2. Passage: Non-Keyed with No thumbturn
3. Inactive: Non-Keyed with Inside Thumbturn
4. Half Dummy / Half Passage: Fixed Handle Outside, moving handles inside - No Thumbturn
5. Dummy Pair: Both Fixed, Rigid Handles - No Thumbturn

NOTE: Each style of Handleset (with a Handle Spacing of 105mm) is available in all 5 functions.

If your Handleset has a Handle Spacing other than 105mm (4-1/8") this worksheet will not work for you.

B. Handle / Lever Design: Choose from multiple different Styles - Select from Drop Down Box

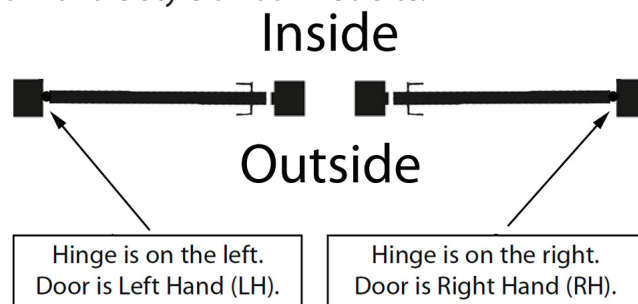

NOTE: Each style of Handleset has its own unique Lever designs.

You can view the different Lever Options for your choice of Handle Style on our Web Site.

C. Handing: Left Hand (LH) or Right Hand (RH)

NOTE: Handing of doors are always determined from the Outside. It does not matter if your door swings in or out. Refer to the diagram here to determine the handing of your door.

LH - Left Hand RH - Right Hand

D. Color / Finish: Each style of Handleset is available in it's own set of Colors / Finishes.

NOTE: Not every Style of Handleset is available in every Color / Finish.

You can view the different Color / Finish options available for your particular Handleset Style on our Web Site.
